Land at Weston-under-Penyard, Herefordshire

LOCATION

The site is located at the eastern end of Weston-under-Penyard. The village benefits from a good level of amenity to support sustainable growth, including a primary school, public house, hotel and village hall. The market town of Ross-on-Wye provides further amenity to include secondary education, retail and healthcare facilities. The site is well positioned off the A40, with the M50 approximately 3 miles distant. The village is served by regular bus services to Ross-on-Wye and Gloucester as well as the Forest of Dean, with existing stops located in the south west corner of the subject land.

Vehicular access is provided by an agricultural gated entrance directly off the A40 towards the south east corner of the site. Postcode to the site is HR9 7PF.

DESCRIPTION

The site comprises a broadly rectangular shaped parcel of agricultural land, which slopes gradually from the road to the north and extends to approximately 10.26 acres. The northern and eastern boundaries are delineated by existing hedgerows, with an unclassified road bordering to the east. The southern boundary is defined by an intermittent hedgerow abutting the A40. The site also contains a small pond and a mature oak tree which is subject to a Tree Preservation Order (TPO) in the south east corner.

To the south of the subject site lies a recently completed MF Freeman Homes residential development for a total of 35 dwellings known as 'Arconium Place'.

PLANNING

The Local Planning Authority is Herefordshire Council.

As set out in the Weston under Penyard Neighbourhood Plan 2011-2031 (2016), the site is allocated for upto 37 dwellings under site reference WNP08.

In accordance with this housing allocation, an outline planning application for the erection of 37 dwellings (with all matters except access reserved) was subsequently approved on 14th December 2016, under reference P143842/O.

PROPOSED SCHEME

The Illustrative Site Layout Plan ref: MF/14/GRWUP/003A provides an amended site layout for 37 units, up to which 13 are affordable with 24 market dwellings. All matters were reserved except access. The proposed vehicular access to the scheme was to be gained directly off the A40 via the creation of a new access point located along the site's frontage.

A large area shown as open space is to be retained free of development due to the archaeological finds of significance that will need to be retained in situ, without disturbance.
