The plot is situated on Vicarage Road on the western side of the village and the approved plans allow for a new detached house with the floor area of the dwelling shown on the plans as being a total of approximately 155sqm (1,669sqft). The plot is currently occupied by a large cavity wall construction double garage, which is proposed to be demolished and replaced with the new three bedroom dwelling. The proposed accommodation is shown to comprise of an entrance hall, master bedroom with en-suite shower room, two further bedrooms, family bathroom and a large open plan kitchen/dining room on the ground floor. Stairs rise to the first floor where a large open plan lounge is shown.

Externally, the new property is designed with garden areas to both the front and rear, a carport to the north-west of the dwelling along with additional off road parking, and a decking area to the south-east of the property, accessed via bi-fold doors from the kitchen/dining area. The property is proposed with a modern burnt larch timber finish, with conservation rooflights and timber aluminium clad windows / doors. The property will be accessed via an existing vehicular entrance onto Vicarage Road, to be shared with the vendors adjacent property.
